## WHERE TO FIND ME

### LinkedIn

[linkedin.com/in/sdean00/](https://linkedin.com/in/sdean00/)

### Github

[github.com/pixelRena](https://github.com/pixelRena)

## SKILLS

HTML(5)/CSS(3)/JavaScript

Agile/Scrum Methodology

NoSQL (Firebase, MongoDB)

SQL (Postres) Postman

React.js Next.js

React Hooks Redux

Git + Github Trello

Responsive Design

## ACHIEVEMENTS

### AutoZone

Had an amazing experience building an automated dashboard that decreased workload and assisted with better analysis of larger metrics in order to focus on their most important missions.

## SUMMARY

Energetic and growing developer who delivers high quality apps. While having 2 years of experience, I've learned the importance of collaborating in a team, bringing creativity, and writing clean code while attending UofM. I'm always seeking to further expand my skills by working on various projects and staying up to current trends by reading my favorite ZTM newsletters. [I am open to relocating.](#)

## EXPERIENCE

### Full-Stack Web Developer

[Self-Employed](#) | 01/2022 - ongoing

- Designed app documentation for accessibility and maintenance
- Developed a launch website, e-commerce store, and recommendation system utilizing front-end and back-end technologies
- Utilized prototyping UX systems Figma and Moqups.
- Increased clients reachability and control over brand

### Full-Stack Web Developer

[AutoZone](#) | 08/2022 - 12/2022

AutoZone distributes replacement parts for a variety of vehicles while providing maintenance services.

- Gained experience in agile-based environment by planning in phases and daily code reviews
- Collaborated with project manager, dev ops, and developers to plan new functionalities
- Re-connected server to handle Couchbase metrics
- Refactored existing codebase for more consistency
- Built reusable components and enhanced responsive UI features

## EDUCATION

### University of Memphis

[Bachelors of Science](#) | 08/2017 - 12/2022

- Post Graduated in CS (Computer Science)
- Studied fundamentals of software engineering like Object Oriented Programming, Database Process & Design, Data Structures, and Programming Languages

### Zero To Mastery Academy

[Certification](#) | 01/2022 - 09/2022

- Certification in Web Development
- Gained more experience in web development eco systems while focusing on applying building blocks in component reusability, code structure, and design patterns
